

I listen to AIR 1 on my local channel of 90.1. It is the principle radio station that I listen to despite the many other local stations in my area. I believe that this station provides a real service to residents of my community. Air 1 provides family-friendly programming to my community. I believe this service to be invaluable to my community as there are so very few choices when it comes to radio stations that my whole family can listen to and not be offended by lewd and crude material in both the music played and the d.j's comments. You would be depriving myself, my family and the many other listeners to AIR 1, of our best choice in family-friendly programming if you allow the station to be displaced by an LPFM broadcaster providing other programming. Please do not give LPFM priority over FM translator service.
